Bike Trips

You can spend two or three nights in fully stocked huts located in secluded, scenic Colorado backcountry while you tackle some of the best mountain biking terrain the west has to offer. We take you beyond where day-trippers and casual bikers venture to backcountry trails rarely experienced. In addition to great trails and epic views, our self-guided bike tours offer a few extras designed to make a huge difference in biker comfort and satisfaction:

- ◆ Complimentary baggage transfer from hut to hut
- ◆ Fresh food and iced drinks at every hut
- ◆ Shuttle service back to Fruita after the trip
- ◆ Optional, one night deluxe accommodation at the Gateway Canyons Resort
